

Announcement 3

PUTRA BUSINESS SCHOOL COVID-19 TASK FORCE

As we continue to monitor the development of the Coronavirus (COVID-19) pandemic and act in compliance with the directives from the government of Malaysia*, PBS has decided on several measures in order to safeguard the interests, and address the enquiries and concerns of our students and partners. In this case, we have responded by setting up a task force (PBS COVID-19 Task Force), chaired by the President & CEO to mitigate the disruption to the learning modules and assessment schedules we have laid out for the learning community at PBS since the beginning of the academic year. Please be advised to stay tuned for an update following the end of the Movement Control Order on the 31st March 2020. Indeed, your health and well-being is our top priority.

Should you require any assistance, please feel free to contact our team as follows :
